(12) Traveling Expenses.

a. No traveling expenses shall be claimed, allowed, or paid unless incurred while traveling on State business. Any State official or employee entitled to traveling expenses out of State appropriations herein made, who is legally or officially required to be present at the trial of any State case, shall not claim traveling expenses from the State and also from the Court wherein said case is pending. If by oversight, duplicate claims are filed for said traveling expenses and collected, then said officers or employees shall reimburse and refund to the State Treasurer an amount equal to the respective amount collected under such witness fees and mileage claim.

b. The Comptroller shall not pay, and no State officer or employee of any of the departments or other agencies of the Government shall include in his traveling expense account any amounts for meals and/or lodging incurred within the city or town where such officer or such employee is stationed. Such employees as are stationed away from their main office or headquarters who are not allowed traveling expenses where so stationed shall be allowed such expenses when called to their main office.

c. Where an employee uses his private car while traveling on State business, and another employee travels with him on the same or other State business, only the owner of the car shall be entitled to reimbursement for traveling expenses. This shall not preclude both employees from receiving reimbursement for board and lodging.

d. No traveling expenses shall be incurred by any employee of any of the departments, or other agencies of the Government, outside of the boundaries of the State of Texas, except for State business and no such expenses shall be paid from State appropriations or out of any local or auxiliary funds by the State Comptroller to an employee of any agency of the Government until and unless a written statement, signed by the Attorney General, advising that the purpose of the proposed trip, in his opinion, is for said State business purposes; which written opinion shall have been filed with the disbursing officer of such respective agency of the Government. This provision shall not apply to trips to Washington, D. C., made by the Attorney General's Department, before the United States Supreme Court and certain Federal Commissions and Boards, nor

C., before the War Department, nor to members or employees of the Railroad Commission attending hearings or oral arguments held before Courts or Government Commissions in other States or Washington, D. f. Unless otherwise specifically provided by the Statutes, it is provided that any officer or employee who travels on official State business and who used his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: Six cents (6¢) per mile for the first thousand (1,000) miles traveled and five cents (5¢) per mile for each mile traveled in excess of one thousand (1,000) miles. Before the Comptroller shall issue any warrant for reimbursement, the said officer or employee shall file an affidavit with the Comptroller showing the point of origin and the town, place, or point of destination of each trip and the mileage actually traveled between each town, place or point. This provision shall also apply to intra-city mileage. If the Comptroller is of the opinion that said officer or employee did not take the shortest practical route, he shall have the authority and it shall be his duty to compute the mileage of the shortest practical route, between the point of origin and destination of each trip via immediate points visited, and he shall issue his warrant in reimbursement therefor on the basis of the above rate. No moneys herein appropriated shall ever be spent to pay the traveling expenses of any State employee to any type of convention or to transact business with persons attending conventions within or without the State except upon advance written approval of the Attorney General as being for State's business. The Attorney General in his written opinion must state why he considers the trip necessary in the performance of the officer or employees official duties.

g. All employees traveling at the expense of the State are hereby limited to the amount of Four Dollars (\$4) per day for meals and a total of Six Dollars (\$6) per day for meals and lodging, it being specifically provided that the employees shall obtain receipts for all items of expense claimed except meals, and shall file such receipts with their duly itemized and sworn expense accounts; provided, however, that the meals and lodging limitations imposed by this subsection (12g only) shall not apply to any elected State official nor to any appointed State official nor to any appointed State official whose appointment is subject to Senate confirmation, when traveling in or out of the State; nor to any Assistant Attorney General, or representative of the State Health Officer, or representative of the Adjutant General, or representative of the State Highway Commission, or representative of the Railroad Commission and representatives of State Board of Vocational Education, when any of these classes of State employees are appearing before or consulting with, on State business, any Federal Agencies or agencies of other States in any other State or Washington, D. C.

h. Except as otherwise authorized by Statute, no State employee shall receive or use any passes or other franking privileges from any transportation agency, and any employee so offending shall be immediately discharged. The fact that any transportation agency knowingly extends

passes or other franking privileges to any State employee shall constitute sufficient grounds upon which the right of said transportation agency to do business in this State can be forfeited, and the Attorney General is hereby directed to institute proper proceedings to cancel said right of any transportation agency so offending.

i. The use of railroad script books and other forms of transportation provided at the expense of the State are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered.
